

How to start up on your own when you have a brilliant idea and only need money (and perhaps a business plan)?

- Danish sports-tracker Endomondo acquired by American Under Armour for USD 87,5 million

If you wonder how Endomondo made it from farfetched idea to worldwide success, you might want to join us for the next networking meeting!

Jakob Ekkelund from SEED Capital will give a general introduction to how venture capital funds work and what you can do to attract venture capital when you have an idea and want to run with it. You'll have the opportunity to pitch your own idea at the meeting but you may also enjoy the evening even if you don't feel ready to share or simply just want to know what challenges start-ups face.

The venue is @ Innovationfonden, Østergade 26 A, 1100 København K @ 20.00 on the 25th of March.

We invite our members and sponsors to come to this meeting to learn and network free of charge. For others the price of admission is 150 Dkr.

Please, sign up at kontakt@erhvervsphdforeningen.dk before March 17.
